

**THE GO OUTSIDE FUND
CONNECTS STUDENTS AND
TEACHERS TO OUTDOOR,
NATURE-BASED LEARNING
EXPERIENCES**

Funding available for Madison-area schools for field trips and outdoor exploration

Thanks to funding from the Wisconsin Association for Environmental Education, Patagonia, and Fontana Sports, additional funding is available through the Go Outside Fund specifically for Madison-area schools and partner organizations.

The Go Outside Fund is a grant program of the Natural Resources Foundation of Wisconsin. Funding helps connect students and teachers with outdoor, nature-based learning experiences. Teachers or partner organizations may apply for funding to purchase field supplies, or pay for transportation, substitute teachers, or educator costs. Grants up to \$500 are available. Complete the grant application by June 30th, 2019 to be considered for funding.
