

Intro for field trip leaders

WELCOME

- Welcome to [FIELD TRIP NAME]
- We appreciate you attending today and supporting the Natural Resources Foundation of Wisconsin;
- A conservation non-profit organization with a mission to care for Wisconsin's lands, waters and wildlife, and to connect people to nature.
- The Foundation does more than just Field Trips.
- Since **1986**, NRF has also given back **\$10 million in conservation grants** to support everything from State Parks and State Natural Areas, to environmental education, and recovering threatened wildlife.
- All of this work is funded by members like you.
- Many of you have been members for years, others have received new memberships with your field trip registration. We thank you for your support.
- The Natural Resources Foundation and we at [YOUR ORG/BUSINESS] appreciate your joining this field trip.

HEALTH & SAFETY REMINDERS

- Be mindful of your surroundings, we'd like to maintain social distancing when possible, on the trip.
- Outdoor trips: Face masks are optional, but we ask that you bring one along for times when social distancing is not possible
- Indoor trips: If you/your facility has a facemask policy that we have discussed prior to the trip—please remind participants.
